## *About Tendi Sherpa*

**Mr. Tendi Sherpa** is a proud **UIAGM/IFMGA-certified mountain guide** from Nepal, renowned for his exceptional mountaineering skills, unwavering professionalism, and dedication to guiding climbers safely across some of the world's highest and most challenging peaks.

With a career forged through resilience, experience, and rigorous training, Tendi is now the **founder of Peak 15 Adventure**, a guiding company that embodies his vision of safe, ethical, and successful mountaineering.

---

## *The Journey*

### *Humble Beginnings*

Tendi began his mountaineering journey in **2010** as a porter. This early exposure to high-altitude environments gave him a deep respect for the mountains and the hardships faced in alpine terrain.

### ***Breakthrough Moment***

In **2016**, he summited **Mount Everest** as an assistant guide, marking a turning point in his guiding career. This achievement sparked a greater passion for both climbing and helping others realize their summit dreams.

---

### ***Dedication to Mastery***

Determined to pursue excellence, Tendi underwent years of hands-on guiding experience and international training. And, finally on 2022, his commitment culminated in earning the **prestigious IFMGA/UIAGM certification**, the highest qualification for mountain guides globally.

---

### ***Guiding Philosophy***

Tendi Sherpa believes that "**mountaineering is always a two-way trip**". He prioritizes **safety above all else**, ensuring each client's journey is conducted with careful planning, technical precision, and international safety standards.

As a leader, he is known for his calm demeanor, sharp decision-making in critical moments, and compassionate leadership on challenging expeditions.

---

### ***Major Achievements & Experience***

Tendi has successfully guided on **multiple 8000-meter peaks**, including several ascents of Mount Everest, Manaslu, and Lhotse. His ability to adapt across diverse teams and terrain showcases his deep understanding of the Himalayas and his technical mastery.

#### **8000m Peak Summits:**

- **Mount Everest** (8848.86m) – 4 Summits (2016, 2019, 2022, 2023)
  - **Manaslu** (8163m) – 2 Summits (2018, 2023)
  - **Lhotse** (8516m) – 1 Summit (2023)
  - **Kanchenjunga (8586)** – 1 summit (2025)
-
